

COUNTER CLAIM WINS IN COURT

In Second Consecutive Trial in Circuit Court, Jury Finds For Defendant on Cross Complaint

O. M. OFFUTT GIVEN JUDGMENT

Order by Agreement Provides For Custody of Five-Year-Old Son of Mr. and Mrs. R. H. Elwell

For the second consecutive trial in the circuit court, the jury turned the tide on the plaintiff's complaint, and awarded judgment for the defendant. Thursday the case of Merrie M. Conaway against Oliver M. Offutt was heard and the defendant given \$55 judgment.

The case was a suit on a note, in which the plaintiff attempted to collect \$175 judgment. The defendant filed a counter claim, and the jury awarded him the judgment. The evidence showed that the plaintiff held a note for several years which totalled \$195 with the interest. The counter claim of the defendant showed that the plaintiff owed him \$250 on a note. The jury subtracted the difference, giving the defendant \$55 judgment.

On the day before a change of venue case from Hancock county was heard in which Levi Thomas sued the receivership of the Mohawk elevator company for \$4150 on a claim. A counter claim was presented, and the jury found for the defendant, making the plaintiff pay \$809.26, instead of recovering money himself.

The jury was told to report again Thursday when the suit of Morgan against the City of Rushville, a complaint for damages, has been set for trial. The case is of long standing, and has been set for trial several times.

In the case of Harley D. Holmes against Albert Buell, a \$10,000 alienation of affections suit in which the plaintiff lost out at a trial recently, he has filed a motion in court, asking for a new trial.

Ralph H. Elwell appeared in court Thursday afternoon in answer to a habeas corpus writ, and delivered his five-year-old son, according to the summons. The action was preferred by his wife, Elva, Loraine Elwell. The order by agreement gave the custody of the child to the mother, with the father having the boy over the week-end every two weeks, and on other occasions, designated in the order.

Howard G. Dillard, in his complaint says he is manager of the Lincoln Cafe of this city, and is seeking a divorce from Inez G. Dillard, alleging that she has abandoned him, and has failed to live with him. They were married January 6, 1915 and separated February 16, 1922, according to the action.

CARS COLLIDE AT AN ALLEY INTERSECTION

Meat Truck from Anderson and Roadster Driven by W. M. Plessinger in Collision

LIGHTER CAR BADLY DAMAGED

Two automobiles collided this morning at alley intersections, one machine being practically demolished and the occupants escaping with only slight cuts and bruises.

A meat truck driven by Tom Tattman of Anderson was going east in an alley between Main and Perkins, and Ninth and Tenth streets, and a Ford roadster driven by W. M. Plessinger was going south, when the two met at the alley intersections.

The large meat truck struck the lighter machine a terrific blow, almost wrapping it around a telephone pole. Two wheels were broken off, the axles bent, and the machine damaged to a great extent. Mr. Plessinger received cuts about the face from flying glass, and a finger was badly cut. The larger truck was not damaged.

Police Chief Blackburn investigated the accident and stated that both machines were evidently going at a fast clip through the alleys. No arrests were made.

BOYS CAUGHT HERE IN JAIL

Two Arrested in September, Tried for Stealing Auto

Police Chief Blackburn this morning received a letter from William Copelan, chief of the police department at Cincinnati, in which it stated that the two youths who were arrested here in September, charged with stealing a machine, were still in the jail in Cincinnati awaiting trial.

The boys were arrested here, after they abandoned a machine west of Rushville. When arrested they gave the officers their names and addresses as Huntington, W. Va. The letter this morning from the Cincinnati police stated that their correct names were Edgar Ray and Basil Childers, and that they were held for stealing the machine. He said they also were wanted on a similar charge in Huntington.

PLEDGES SUPPORT TO THE MOVEMENT

Dr. Hougland, Speaking for Milroy Business Men, Says Township is Back of Boosting Campaign

TO MAKE RUSH COUNTY BEST

Paul Allen Speaks on Behalf of Kiwanis Club When Club Entertains at Milroy Thursday Night

Pledging the support of Anderson township in the movement to make Rush county the best county in the state from all angles, Dr. C. S. Hougland of Milroy acted as spokesman for the township at a joint meeting Thursday night of the Rushville Kiwanis club and the business men of Milroy.

The joint meeting was held in the Christian church at Milroy, and almost 100 gathered from the two places and enjoyed an evening that was well spent in cementing community interests.

Of particular interest was the talk by Dr. Hougland, who characterized community ideals as one of the main things that makes or breaks a community. The spirit that moves a community to work in unison on all enterprises, is a wonderful thing, and with this thought in mind, he said "you can count Milroy and Anderson township as being with you on all projects that go for the betterment of the whole community. We will do everything in our power down here to help make Rush county the banner county in the state and the best county in the entire country."

Dr. Hougland recalled the fact that a community spirit is entwined mostly about two institutions in every township, the church and school. If these institutions fail to function properly, and co-operate in every way, then there is a lack of community spirit, he said.

The church has been one thing that has stood in the way of community development, he said, but in Anderson township this factor has been overcome, and a united effort now prevails. He stated that there was formerly a time, when one church denomination was jealous of the other denomination, and these denominational factors held back the spirit of becoming unified in ideas for the uplifting of a community.

Dr. Hougland, however, emphasized (Continued on Page Six)

INVOLVED FUNERAL EXPENSE

Case Appealed From Here to Appellate Court is Settled

A Rush county litigation pending before the Appellate court of Indiana in Indianapolis, was ruled on Thursday. The case was a petition to modify a mandate issued by the court in the case of Ed N. Phillips, administrator, against Lee Tribbey and others, in which Tribbey was the appellee. The petition was denied by the higher court, and according to Douglas Morris, attorney for the appellee, the case is ended.

The litigation involved the payment of funeral expenses. The question of payment was whether the husband of the deceased should pay the funeral expenses or should the cost be paid by the administrator of the estate.

HURRAH! WE GOT COMPANY

PLANS MADE TO SUPPORT ARMY

Campaign to Raise \$2,000 for Next Twelve Months Scheduled for Week of October 26

COMMITTEES ARE SELECTED

Residence District Apportioned Among Women Chairmen for Canvass of City

Committees were selected and other preparations made for a week's campaign to raise a fund for support of the Rushville corps of the Salvation Army, beginning October 26, at a meeting of the Salvation Army Advisory board with Miss Agnes DeBolt of state headquarters of the Army, at the court house late Thursday afternoon.

The quota based on very conservative estimates is fixed at approximately \$2,000 for the next twelve months. In case the money required to conduct the local corps is raised, there will be no soliciting for funds, which means has been employed during the past year to support the Army work here.

Salvation Army financial campaigns have been successful in the past but last year only a very small fund was raised and the corps has not been receiving the proper support from the people of the city.

The residence district of the city was apportioned to six district chairwomen, all of whom are asked to meet with the campaign chairman, Mayor Walter R. Thomas, and Miss DeBolt at the court house second floor, next Tuesday afternoon at 3:30 o'clock.

The men's committees are as follows: Business section—Jack Knecht, Will Abercrombie, G. P. Hunt, L. L. Allen, Omer Trusler and R. L. Tompkins.

Lawyers, physicians, bankers—John H. Kiplinger, A. L. Riggs, J. T. Paxton and Wilbur Stiers. Lodges—Mark Purcell, G. P. Hunt, Samuel L. Trabue and Frank McIlwain.

Factories—Wardner Wyatt, Bert A. Mullin, Lee Endres and Harold Pearce. Court house—Loren Martin.

Schools (not to include pupils)—Miss Belle Greer, Jackson school; Miss Mae Meredith, Havens; Miss Gertrude Wilkinson, Graham; Miss Carolyn Meredith, Graham Annex. The women committee chairmen, who will be asked to name solicitors for each block square, are as follows (Continued on Page Three)

BUSINESS MAN WILL SPEAK

F. C. McMillan of Des Moines at 1st U. P. Church Here Sunday

Frederick C. McMillan, a leading business man of the middlewest, whose home is in Des Moines, Ia., will speak both at the morning and evening service at the First United Presbyterian church, Sunday. He is a speaker of unusual power and effectiveness.

He is the president of the American Ice Company of Kansas City, president of the Central Iowa Fuel company, a coal mining corporation, president of the Charles City and Western railroad and vice-president of the Monongahela National Bank of Pittsburgh. It is regarded as very fortunate that the local church was able to get him to speak at both of these services.

It is very urgent that all the church membership and the public attend both of these services and hear Mr. McMillan's addresses.

SUCCESS OF SEED POOL EXPLAINED

Rush County Men Learn How Storage and Selling Project is Operated in Johnson County

EMPHASIS PUT ON TESTING

Demonstration of What Seed Passing Test Will do is Given for Benefit of Local Delegation

The success of the Johnson county corn seed storage and pooling project was explained to a group of Rush county men who went to Franklin Thursday to get some idea of how the plan works.

They learned that O. S. Williams, Johnson county agent, and those associated with him, had laid special emphasis on seed corn testing as the means of raising the standard of Johnson county seed corn and thus enable Johnson county farmers to win a name for their seed corn and find a ready market for it.

Last year, with three large testers in operation, it was not possible to meet the demand, which ran 7,500 ears a week.

As in other counties, it was found that the value of testing was not only in eliminating weak ears, but diseased ears as well.

Five hundred bushels of seed corn were handled in the pool last year and the price received ranged from \$3 to \$10 a bushel. Every ear pooled (Continued on Page Three)

OVER 300 ODD FELLOWS ATTEND

Grand Master C. O. Thomas and Past Grand Master Winterrowd Address County Meeting

HELD AT CARTHAGE THURSDAY

Thirteen Candidates Initiated, Work Being Given by Milroy, Arlington and Rushville Staffs

Three hundred Odd Fellows from Rush and adjoining lodges met in a county meeting at Carthage Thursday afternoon and evening and assisted in initiation of thirteen candidates who received the first, second, and third degrees at the hands of staffs from the lodges at Milroy, Arlington and Rushville.

Chas. O. Thomas, Grand Master of Indiana, and Past Grand Master Harry Winterrowd were present and addressed the convention. Reports from over the state indicated an unusual amount of work being done at this time which ordinarily is a quiet season for lodge work and predictions were made that an era of great growth for the order was just dawning.

The amendment of the constitution of the Sovereign Grand Lodge permitting the admission of young men at the age of eighteen was reported, which is expected to stimulate the growth as classes are already forming of Odd Fellows' sons for initiation after the first of the year when the new law becomes effective.

The local lodge was well represented by over fifty members, including the staff which conferred the second degree, which was highly commended, as was also the work of the Milroy and Arlington lodges.

The combined orchestra of Franklin lodge and Beech Grove, Arlington furnished music for the meeting and degrees.

The degree staff of Bernice Encampment No. 12 I. O. O. F. will confer the Golden Rule Degree at a (Continued on Page Three)

TO VOTE ON SHELLHORN ROAD

Anderson Township will Have Special Ballot at General Election

A special ballot will be prepared for the general election in Anderson township, November 4, when the voters of the township will have an opportunity to decide whether or not the Fred Shellhorn road shall be constructed. An election is necessary because the township had a road bond debt equal to two per cent of its taxable property, which is the legal limit.

The county commissioners have appointed John Vernon and Thomas Bishop viewers for the road and sanctioned the election.

The commissioners, who held a special session Wednesday, will meet October 28 to appoint election inspectors.

G. O. P. BUDGET IS \$3,000,000

Wm. M. Butler, National Chairman, Tells Senate Committee \$500,000 is For National Campaign

ONLY \$1,700,000 COLLECTED

Committee Head Undergoes Gruelling Examination by Senators—Thinks 3 Million not too Much

(By United Press)

Chicago, Oct. 17.—The campaign budget of the Republican national committee totals \$3,000,000 Wm. M. Butler, national chairman, told the senate campaign fund investigating committee here today.

Of that amount \$500,000 is to be used for the national campaign and the balance in the congressional and senatorial campaigns, Butler said. Cash collected up to the present time totals somewhat more than \$1,700,000, he told the committee.

"How much more do you expect to collect between now and election day?" Senator Borah, chairman of the election committee.

"All of it," Butler replied. "Three million dollars."

Butler outlined in a general way how the money was to be expended. Senator Caraway of Arkansas asked him to explain how the \$46,000 allotted to college clubs and the \$30,000 allotted to the negroes' bureau was to be spent. Butler said that the money was to defray the expense of getting out literature, speakers and similar activities.

"In your publicity work do you get out what we used to call 'boiler plates' and 'canned editorials'?" Caraway asked.

Butler, after stating he was not fully acquainted with the terms used by Caraway, finally stated he thought the Washington bureau took care of that work.

"In your judgment, do you think it will take two or three million dollars to run the campaign?" Caraway asked.

"It makes all the difference in the world what kind of a campaign it is," Butler answered.

Butler said he felt that was a fair amount for the conduct of this campaign.

"In the language of the street—money talks," remarked Caraway. (Continued on Page Six)

O. P. Wamsley Has Number of Engagements For Winter

O. P. Wamsley, a singing evangelist of this city, will go to Rockport, Ind., November 8, to conduct a two weeks revival service, at the First Methodist church, assisting the Rev. F. T. Taylor, pastor of the church. Mr. Taylor was formerly a pastor of the Glenwood M. E. church.

On November 28 Mr. Wamsley will go to Seymour, Ind., to assist in a series of meetings at the First Presbyterian church there. James Daniel Martin being the pastor. Dr. Tyler of Terre Haute, Ind., will have charge of the preaching services during the meeting. From there Mr. Wamsley goes to Whitcomb, Ind., to assist the Rev. E. A. Gillum in a meeting.

During his absence in this city Prof. D. S. McIntosh, music instructor in the local high school will have charge of the choir at the St. Paul's Methodist Episcopal church.

POINTS TO ACRES OF DIAMOND HERE

John Tittsworth Describes Campaign Being Conducted in Rush County to Boost its Resources

SPEAKS AT RICHLAND CHURCH

Joint Meeting of Farmers and School Patrons Hear Reports From Pig and Sewing Clubs

Using as an illustration the famous story of the Kimberly, South Africa, farmers, who had acres of diamonds at their feet and didn't see them, John A. Tittsworth dramatically pictured the "acres of diamonds" which lay at the feet of Rush county farmers at a joint meeting of the Parent-Teachers association and the Richland Township Farm Bureau Thursday evening at Richland.

Mr. Tittsworth reviewed what is being done in Rush county in an effort to make Rush county people appreciate their resources and commented upon the success with which the campaign has met.

A report was given of the township pig club work and 4-H sewing club work and the sewing club girls sang their booster song. They were presented with 4-H club pins by Mrs. Otis Miller, the club leader.

Fred Pike, head of the township farm bureau, announced that Ruth Pike won first prize in the pig club contest and Helen George was second. The bureau voted to pay the prizes of \$20 and \$10 respectively.

Mr. Pike also stated that Ruth Pike's pig which weighed 260 pounds was sold for \$12 a hundred, and he gave her the money, \$31.20, all in \$1 bills. Helen George sold her pig, weighing 200 pounds, for \$10.75 a hundred.

The sewing club reports showed 57 new garments made, 7 made over, 5 pieces of patchwork and 6 pieces of darning done, the total value of which was \$144.49. The cost of materials was \$115.23, leaving a profit of \$29.26.

The preliminary meeting of the Parent-Teachers association was in charge of Harold Beale, the president, and when the farm bureau business was completed, the program was turned over to Omer Trusler of this city, who led the audience in a number of songs especially arranged for the occasion. He was assisted by O. P. Wamsley of this city at the piano. Mr. Will Scott, Mrs. Miller and Bert Wilson.

Following the address of Mr. Tittsworth, the crowd went to the basement of the church to enjoy some good pumpkin pie and doughnuts which women present had brought in.

Mr. Tittsworth explained how the project to advertise Rush county (Continued on Page Five)

E. B. BUTLER PUT ON EXECUTIVE COMMITTEE

Principal of Rushville High School to Represent Sixth District in State Association

L. A. LOCKWOOD WINS PLACE

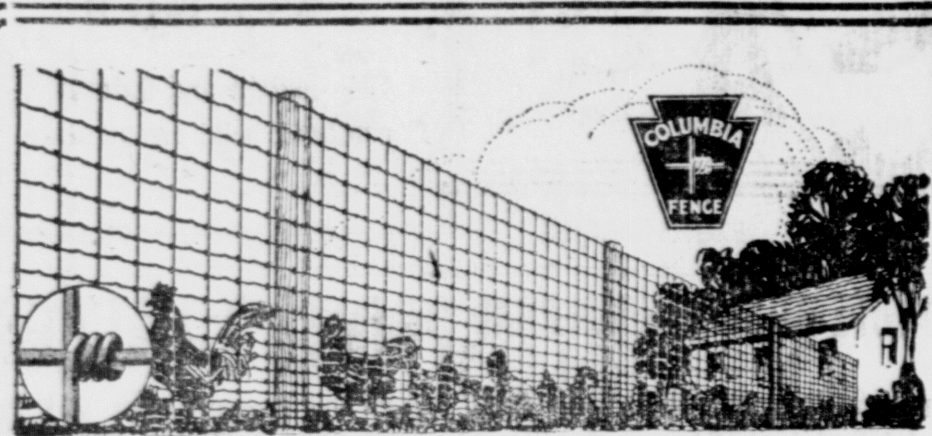

Eugene B. Butler, principal of the Rushville high school, was elected as a member of the executive committee of the Indiana State Teachers' association from the sixth congressional district, at a meeting of the teachers of the district Thursday afternoon at five o'clock in Cadle tabernacle, Indianapolis. His term is for a period of three years.

L. A. Lockwood, principal of the Carthage schools, was chosen as an alternate delegate to the meeting of the National Education association meeting in Indianapolis next July.

Other school men and women of the district were elected to offices in the state association as follows: Z. M. Smith, superintendent of the Greenfield city schools, as a member of the nominating committee of the State Teachers' Association.

G. A. Steele, Richmond, as the vice president for this district in the State Teachers' Association.

Eleanor Newman, Cambridge City, as delegate to the National Educational Association at Indianapolis next July.

Be Proud of Your Farm

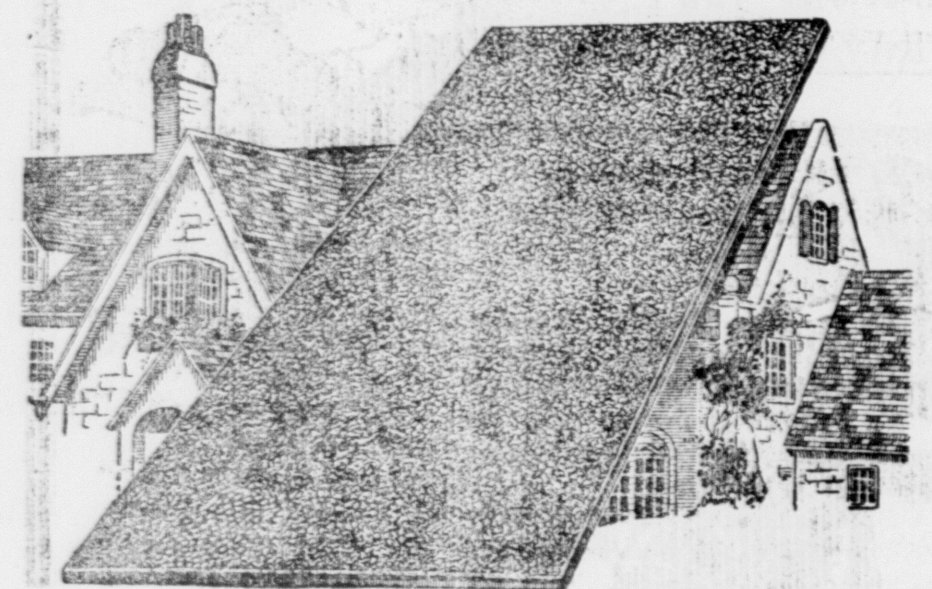

NOTHING adds quite so much to the well-kept and prosperous appearance of a farm as good fences. This is because good fences themselves add to the prosperity of the farm by protecting crops and live stock, and making possible modern, diversified farming.

"Columbia Fence"

will make your farm more profitable, and a farm to be proud of. This fence is made of full gauge wires, heavily galvanized for long life. The hinge-joint construction produces a strong, flexible fence fabric adapted to all uses about the farm.

Let us figure on supplying your fence needs. We carry fences, posts, staples, tools and barbed wire.

Carey
ASPHALTSLATE
SHINGLES
Large Size

The Shingle that never curls

THE pleasing effect of homes roofed with Carey Asphaltslate Shingles (large size) is due, first, to the warm red or cool green crushed slate with which the shingles are surfaced; and second, to the shadow effect which is caused by the extra thickness of the butts. They are laid with a five-inch exposure to the weather which prevents over-formality in appearance.

Carey Asphaltslate Shingles (large size) are much heavier and more enduring than so-called standard shingles. They are water-proof, fire resisting and have important insulating qualities.

Carey Asphaltslate Shingles never curl, or crack, and they cannot fade. They require no upkeep for either painting or repairs.

Secret of Happiness

The greatest menace on earth to happiness is the ill health with which so many women are afflicted. The young woman is subject to pain and irregularities, the mother to the tortures of displacements with consequent pains, aches and nervousness—the middle aged woman to the uncomfortable conditions caused by this critical age. The one remedy to control these conditions and restore the system to a normal healthy condition is Lydia E. Pinkham's Vegetable Compound, which for fifty years has been restoring sick and ailing women to health and happiness. —Advertisement

"The Enemy Sex" Coming

There are several reasons why "The Enemy Sex," which is coming to the Princess theatre next Monday and Tuesday is awaited with more than ordinary interest. First of all, it was produced for Paramount by James Cruze who, you recall, directed "The Covered Wagon." This fact in itself is a guarantee of its worth from a directorial standpoint. Secondly, the cast, headed by irresistible Betty Compton, is nothing short of all-star, since it includes such well-known favorites as Percy Marmont, Huntley Gordon, Kathryn Williams, Sheldon Lewis and De Witt Jennings.

Coming to the story we learn that the picture was adapted by Walter Woods and Harvey Thew from Owen Johnson's "The Salamander," the most startling of all the flapper, jazz novels. It's a romance dealing with the love adventures of a chorus girl who makes a laughing stock of five wealthy, sophisticated men, each of whom tries to add her to his collection of women. Imagine Betty Compton as the fascinating chorus girl, the wise little gold-digger who plays with the five biggest men in New York and beats them all at her own game!

Interest in this picture is further heightened by reason of the fact that James Cruze and Betty Compton are head over heels in love with each other, and are to be married shortly. It is safe to assume that both redoubled their efforts to make "The Enemy Sex" notable. Bearing all this in mind we are willing to wager that this latest James Cruze production will be one of the exceptional photoplays of the coming season.

shipped into this country last winter and spring and on account of the publicity given this seed by our Government and many Agricultural Institutions as to it not standing the winter in this climate, a large amount of it was left on hand. district meeting at Marion, Ind., Saturday evening. The final rehearsal will be held this evening and the arrangements will be made for the trip which will be made in autos, leaving here at 2:00 p. m. Saturday. The staff will be accompanied by the Odd Fellows orchestra, which has proved quite an attraction wherever the staff has appeared. The encampment of Huntington will present the Royal Purple degree immediately after the work by the local staff. A banquet for the visitors will precede the work.

The Marion lodge is one of the largest in the state, with over 1200 members and with quarters occupying a four story building in the heart of the city.

SUCCESS OF SEED POOL EXPLAINED

had to meet the standard set up and go through a disease-free test.

The cost of putting the seed corn through the pool was \$1.80 a bushel, and it is expected that the price can be reduced to \$1 a bushel on the basis of 2,000 bushels pooled this year.

Mr. Williams told the local men of one farmer who brought 303 ears for testing and one third of it was thrown out as unfit for seed. He took it back home, called in his neighbors and they looked it over, and decided to plant the discarded seed separately. The discarded seed was used in 26 rows and corn from these rows will yield 70 bushels to the acre this year, it has been determined. But the yield from the seed which passed the test will be 78.89 hundred bushels to the acre. Seventeen and a half per cent of the stocks from the discarded seed are barren and 13½ per cent of the other seed stocks are barren.

The Rush County men visited the Harry Hogeland Canning Company's plant and each was given a can of corn. They also visited Harry Tilton's corn seed farm on the way home. He has a building in which he can store about 300 bushels of corn in racks. Any Rush county farmer who expects to use racks is urged to get in touch with the county agent or some one who saw Mr. Tilton's plant and get an idea of how it is constructed.

Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S.S.S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S.S.S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S.S.S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Business Readjustment

Much has been ignorantly said about "violent deflation of farming."

When the war collapsed so abruptly, every industry had to be restored to a peace basis; and except for the bloodshed, the war itself was less of a calamity than the readjustment. All industries had to deflate from their war valuations and prospects. Certainly, farm valuations up to \$500 an acre for plain corn land, based on the continuation of the war and war profits, would have to fall along with every other speculative valuation.

It is said that farm valuations were inflated \$18,000,000,000. If so, they were speculative and not normal. But every other kind of valuation was also inflated. This happened all through the business world. It was not possible for the government to keep prices up to the war level. The United States produces more than it consumes; this surplus must be sold abroad, if at all. Disorganized Europe could not buy and pay; the government bought nothing after the army disbanded. Without a market, prices of farm products had to tumble in our country and all over the world.

Could or should the government have bolstered the \$18,000,000,000 speculative valuation of the farms, industries or products? Could it tax the farmer for his share of all the other business losses caused by the collapse of inflated values following the war? The whole thing is grotesque, impossible.

But the farmer really got the best of the reorganization, in a tariff that protected everything he raised and brought him tariff-free everything he needed to run his farm. No other industry got as much consideration in the readjustment. All he

Flu Left Mrs. Menke In Terrible Condition

Her Ailments Were Numerous And She Didn't Know What to Do—But Tanlac Brought Complete Relief.

"After the way Tanlac has improved my health I can praise it as a wonderful medicine," is the candid statement of Mrs. Clara Menke, 2235 Roosevelt Ave., Indianapolis, Ind.

"Following a spell of 'flu' two years ago my ailments were so numerous and distressing that I didn't know what to do. Indigestion, shortness of breath, blinding dizzy spells, backache; all these troubles preyed on my energy and strength until I got so weak and nervous I would often have to sit down to keep from falling.

"But Tanlac put a stop to my troubles and a perfectly well woman of me. I have gained ten pounds, eat and sleep like a child, and have health and strength that makes life a pleasure."

needed was a market for his surplus. It is here now, not a political elixir, not a soap-box cure-all, but the opening of the European markets through the Dawes-Young reparations agreement. With a larger crop in most of the farm staples than in 1923, the American farmer expects to get \$1,000,000,000 more for his crop instead of less as would be the case if he depended on local markets only. Business sanity has settled the question of markets and prices; political buncombe couldn't have done it in a thousand years.

Encouraging The Children

Now that the children are back in school again, what are we doing to encourage them. Or are we doing anything at all.

Possibly the children, irresponsible in their youth, do not expect anything from us, but that does not excuse us in the least.

They are entitled to our moral and spoken encouragement in their efforts to secure an education that will fit them for successful stations in life.

A few years hence they will be able to understand what we do or do not do to aid them today.

Will they consider that we did, or that we didn't?

Here To Stay

It used to be popular for a candidate for office to stand on the corner and denounce big business. Nowadays a very large proportion of the men who work for wages are employed by large establishments and they know that the large business concerns are the ones that pay the best wages, afford most constant employment, take the best care of their workers, offer the best opportunities for advancement, and are the most dependable when pay day comes. While, of course, there are exceptions to all rules, the general rule in the United States today is that the large concern gives the best value for the least cost. The political windjammer can't get far these days by condemning big business.

The movement for a greater Rushville took on new life today when the Rushville Improvement Association was formally asked to take a hand in the fight. As a result the older men will now roll up their sleeves and get into the fight for the finish. The Rushville high school football team journeyed all the way to Richmond Saturday and met defeat at the hands of the high school eleven of that city. The Quaker lads were stronger and faster than the local athletes and as a result won.

Al Linville, the former bean king of Rushville, one time manager of a skating rink in this city, and an all around good fellow, was in the city Saturday advertising Rushville horse show, grand floral and auto parade to be held in that city on October 20-21, says the Greensburg News.

Mrs. Loren Kemmer and daughter Miriam returned to their home in Lebanon after a visit with Mr. and Mrs. Ernest Neutenhizer in East Seventh street.

Mrs. Angie Lewis and daughter Mrs. Mary Lewis Hovey returned to Indianapolis this morning after spending the week-end here the guests of Miss Frances Sexton in North Main street.

Miss Mary Amos returned today from Greenville, where she has been visiting friends in DePaul University the past few days.

John Powers has returned from a weeks stay in Pittsburgh, Pa., where he went for the Christian Church centennial.

Clarence Cross and Cicero Vance were the guests of relatives in Cincinnati over Sunday.

Grand M. Carr, owner and manager of the Star Grand theatre, has installed a compensator in his theatre on the moving picture machine.

The Manilla high school basketball team defeated the Arlington high school basketball team Friday by the score of 75 to 12. This was the first game of the season for both teams and lack of team work was somewhat noticeable.

Miss Mary Clifford is substituting on her father's, L. L. Clifford's mail route while he takes a short vacation. The Friday Afternoon Bible class will meet with Mrs. Lon Link in North Perkins street, Friday afternoon at 2:30 o'clock.

HUNT'S DAILY LETTER

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON — How much will the election of the next president cost? Three millions? Five millions? Ten?

The amount of hard cash contributed to and spent by the respective organizations handling the Coolidge, Davis and La Follette fights is to be tabulated by a special Senate committee headed by Senator Borah, other members of which are Jones of Washington, also a Republican, Bayard of Delaware and Calaway of Arkansas. Democrats, and Shipstead of Minnesota, Farmer Labor party.

The work of the committee has begun and regular reports are now being made but no totals have been announced as yet. From now on, however, reports are to be made at 10-day intervals, with the idea that publicity will be an effective curb on extravagant expenditures.

PRESENT likelihood is that the cost of this year's campaign will not equal that of 1920, when a record amount was spent to bring about the election of President Harding.

Managers of the Harding campaign spent nearly \$8,000,000 that year as compared to about \$100,000 spent by Republicans in the first campaign to elect Lincoln. There are two reasons why the outlay this year will not be so lavish. President Coolidge is by nature not merely thrifty but frugal. The keystone of his campaign is the slogan, "Economy and common sense." He insists that his managers shall practice what he preaches.

The second reason is even more compelling. Contributions are not so lavish. There is ample cash, but there is no barrel. Possibly the reserves are merely being tapped as the amounts are needed, so the Borah report may not be damaging. Every effort is being made to keep the fiscal report in shape to justify the claim that Coolidge, in his campaign as well as in his

personal expenditures is the hard-boiled economist he has been dubbed by Senator Capper of Kansas.

THE Democrats and the Independents are economical rather than choice. Both have attempted to make capital out of their lack of capital, declaring they would rather have single dollars from many individuals than large sums from a few and that no donations not only were not sought but were not wanted. However, there is no record of either outfit being compelled to return any large checks in order to live up to their good resolutions.

THE drive of the Democrats for Victory Club contributors, and the sale of La Follette Wheelers' medals at \$1 each continues unabated.

TWO former baseball experts, now high in administration and Republican councils, took an active part in keeping Washington's hope on straight during the world series games here. Postmaster General Harry New, who used to be a sport writer on his father's paper, the Indianapolis Journal, turned reporter again and "covered" the series, thereby getting a free seat in the press box and a "by line" in a Washington paper.

Colonel George Harvey, former ambassador to Great Britain, now editor-in-chief of Ned McLean's Washington Post, who 40 years ago sold a story to St. Nicholas Magazine about a game between the Peacham and Danville (Vt.) teams, resurrected this fact as testimonial to his claim of being a "sport expert," and therefore qualified to speak with authority on the technique of the Giants and Senators.

I might "horn in" on this situation for my own family by pointing out that the hero of Harvey's St. Nicholas yarn was named Hunt, who, according to the colonel, pitched the first curve ball ever thrown in New England.

URBANA GOES FOOTBALL MAD

Michigan and Illinois, Both Unconquered Last Year, Will Fight it Out Saturday

MAY BE CHAMPIONSHIP GAME

One of Greatest Football Exhibitions in Years Will Dedicate \$1,000,000 Memorial Stadium

By HENRY L. FARRELL
(U. P. Staff Correspondent)

Urbana, Ill., Oct. 17—Some of that wild enthusiasm which made Washington temporarily unbalanced when the Senators were fighting for the baseball championship drifted overland and dropped in on this maddened college town where a major football championship may be decided tomorrow.

All the surrounding hamlets and counties are as proud of the Illinois eleven as Washington was of her fighting nine, and the same confidence exists that Michigan will be defeated here tomorrow and the "big ten" championship will be won with a clean title.

Michigan, however, may be a slight favorite in betting.

Illinois had a championship eleven last year, but she had to share the honor with Michigan as neither team lost a game and the schedules wouldn't permit them to fight it out.

The schedule this year brings together in this yearly game the two outstanding powers of a great conference and makes possible one of the greatest football exhibitions in years.

Seventy thousand spectators are assured. Twice the number would have been along the sidelines if room could have been made for them.

With Illinois the occasion was made for more than a football special. It was one of the great days in the history of the university and one of deep sentiment. Illinois is dedicating a \$1,000,000 stadium to perpetuate the memory of the Illinois boys who carried her colors to glory on the battlefields of France. Some of her greatest athletes are among those whose memory will be honored.

Upon the shoulders of "Red" Grange, one of the outstanding backs of recent years, rests the hope and the money of Illinois under-graduates and old grads that Michigan will be downed.

Michigan didn't have to be told that her most important job is to

stop that charging, flame-topped Grange and has been working all season on a defense against one man. Kipke is gone and Michigan has only one star—Herb Steger—to throw in on the offense against another individual. Grange has been turned into a ball thrower since last season and now he is a "triple throat" man of the greatest possibility.

COUNTER CLAIM

against George Rider, the action being on a note, demanding \$200 judgment.

Elizabeth Archey is plaintiff in a suit filed against Walter Mansfield of Milroy, demanding judgment for \$2,500 on a note. She also asks the court to appoint a receiver to manage the business.

Judge Sparks has heard the evidence in the complaint of Corean Cates against Elwyn Cates in which the petitioner asks that her marriage be annulled. The evidence showed that the girl was 13 years old when married and not capable of entering into a marriage contract. The couple has failed to live with each other and have been separated for several years. No decision was entered in the case today.

In the complaint of Arvel Kless against the City of Rushville a damage suit that has been pending for 15 years and the oldest on record in court the defendant has filed a motion to strike out parts of the amended complaint. The case is before Thomas E. Davidson, Greensburg attorney, who is the ninth judge to have jurisdiction in the case.

POINTS TO ACRES OF DIAMONDS HERE

(Continued from Page One)
among her own people was conceived in the Kiwanis and Rotary clubs of Rushville, where the belief prevailed that Rush county should take stock of its resources.

Telling a story of the mistake of the Kimberly farmers, who allowed their children to play with diamonds that they thought pebbles, Mr. Tittsworth asserted that it had come to the minds of some that we have acres of diamonds that we have never realized before.

He told briefly of the booster dinner in Rushville last spring when a fund of \$1,400 was raised to begin spreading the propaganda regarding Rush county's resources.

"Some sneered, others laughed and still others ridiculed the undertaking," Mr. Tittsworth added, "but the old town has begun to wake up and has made more progress during the past year than it has made in fifteen years previous to this time."

He enumerated the many improvements that had been accomplished in Rushville during the summer, including the construction of three new streets and a park boulevard, the addition of a park annex and the construction and remodeling of buildings.

"From north, south, east and west," the speaker declared, "new capital has been pouring into Rush county and invested in all too cheap farm land, and now we are just beginning to appreciate that it must be worth something after all, if men from other states are attracted here to buy it."

"I believe Rush county soil is the best for diversified farming that lies under the sun. There are regions," he continued, calling attention to a number of them, "that have special products, but none measures up to our soil."

Mr. Tittsworth said that the county corn crop, at \$1 a bushel, was worth \$3,000,000 and that the wheat crop yielded \$1,200,000. Last spring the county had more hogs than any county in the country, he said.

The speaker also referred to the three outstanding men in Indiana in their respective lines, who came from Rush county—E. O. Houchins because of his achievement in paying for land at \$300 an acre with a dairy and laying up a competence besides; Paul Glisson, who had the best poultry farm in Indiana last year, and Chester Meal, who raised the heaviest ton litter in Indiana last year.

"What marvelous achievements for a county such as ours," he added. "But there are some pessimists and I am sorry to say that most of them are retired farmers. They

Sport Notables Who Double in Brass

Is the day of the specialist passing in sports? The season's developments would seem to answer yes. George Von Elm who went to the finals in the amateur golf championship is an amateur boxer of rare ability. Mary K. Browne, a finalist in the women's golf championship, is one of the country's leading tennis stars. Charles Brookins, best hurdler in America, is now starting for Iowa on the football gridiron. And don't forget Bucky Harris, manager of the Washington champions, is one of the best basketball players in the professional ranks.

ALONG SIDELINES

Madison, Wis.—Wisconsin's drill for the important Minnesota game here tomorrow ended yesterday with two and a half hours of line scrimmage and open field tackling. Coach Jack Ryan has shifted Captain Harris back to first string half.

Milwaukee, Wis.—Thirty five Gopher players and the coaches and trainers arrived here from Minneapolis today and will leave for Madison and the Wisconsin game tomorrow morning. Another snappy scrimmage and signal drill culminated the Minnesota practice yesterday.

South Bend, Ind.—Hundreds of students cheered Coach Knute Rockne's Irish warriors yesterday when the Notre Dame varsity entrained for Rye, N. Y., where the team will practice today for the Army game on the New York Polo Grounds tomorrow.

Evanston, Ill.—The possibility that Capt. Bob Weinecke, regular fullback may play quarter against Purdue Saturday loomed yesterday when the Purple leader occupied the pilot position in practice. Fredrich played fullback. Sotheim, regular quarter, is on the injured list.

Lafayette, Ind.—A short signal and kicking drill Thursday rounded off the Boilermakers drill for the Northwestern game tomorrow. Tom Hagen, varsity end was the only regular not in uniform, but he is expected to start against the Purple.

Chicago—A long kicking drill, followed by signal practice under the flood-lights, occupied the Maroons yesterday in their drill for the Indiana game. Bill Clarke sophomore halfback was the best of the punters.

Bloomington, Ind.—"Navy Bill" Ingram led nearly 30 players to Chicago today, accompanied by six cross-country runners who will engage the Maroons in a curtain raiser to the grid game Saturday. The rosters' special of fifteen coaches, carrying fans and 110 piece band, leaves at midnight.

Columbus, O.—With brilliant spotlights illuminating the field, Coach Wiley initiated the ghost ball for the first time this season as the Buckeyes drilled past dark last night.

Iowa City, Ia.—Comparative rest after two gruelling days of practice

rewarded the Iowa varsity yesterday when freshmen demonstrated Lawrence plays with "dummy" tactics.

Rich Menu For Saturday

By HENRY L. FARRELL
(United Press Sports Editor)
New York, Oct. 17—Most everything that might be ordered by a famished football fan is on the menu arranged for tomorrow, the biggest day of the youthful season. Three of the most important inter-sectional games of the season are features of the program that is choked from the top to the bottom line with interesting games.

Because of its tradition and the habit the westerners have of springing something sensational in the way of new football, the game between Notre Dame and the Army in New York will be the biggest game of the day.

The first visit of Notre Dame to the east, always an early-season event, is sort of a fashion show for fall football and the game is followed even more closely by the men who follow coaching as a profession than by the neutral fans who get a thrill out of fast, hard football.

Notre Dame, will exhibit that great backfield which thrilled the east last year—Stuhldreher, Layden, Crowley and Miller—and if Knute Rockne follows precedent, he probably will put on display a couple of sensational sophomores as a prom-

ise—"Here's what you'll have to beat next year."

The Army, as a rule, runs more to power than brilliance, but this year the Cadets will have Harry Wilson, the All-American back from last year's Penn State eleven, and Wilson is one of the best and most spectacular runners in the game.

Last year the Army-Notre Dame game conflicted with one of the games of the world's series, and it made itself felt appreciably on the gate at the baseball game.

Penn State is down south to play a return game with Georgia Tech and a good hard game is assured. The two teams have enjoyed the friendliest of relations and their games in the past two years have been features of the season. Penn State may not be as strong as last year, as several of the players upon whom Hugo Bezdek depended as a nucleus for his team, got into scholastic troubles and were disqualified for the season.

While it isn't the most important game of the season, the battle at Lincoln between Colgate and the powerful Nebraska team will be one of the hardest played and most interesting games of the day. No teams in the country play harder football than Colgate and Nebraska.

Miss Jean McClanahan played two beautiful piano selections. The assisting hostesses in serving refreshments were Mrs. Fanny Amos, Mrs. Fanny Hall, Mrs. Jessie Gary and Mrs. Alva Aiken.

LEGATION TAKES HAND IN WAR

Will Attempt to Bring About Peace in Tong War Among Chinese

Washington, Oct. 17—The Chinese legation here today stepped into the Tong war that has terrorized Chinatown along the Atlantic seaboard during the past week, in an effort for peace.

Local representatives of the fighting Hip Sing and Leong Tongs were brought together at the legation by Dr. Alfred Sze, Chinese minister and induced to agree on a truce.

The document is to be formally signed later today and it is hoped will put an end to hostilities in Washington and compel the fighting Tongs in New York and other cities to call a halt on the shootings and stabblings.

PLEDGES SUPPORT TO THE MOVEMENT

Continued from Page One
sized the fact that in Anderson township this petty jealousy had vanished and that there was no such thing as denominational differences when it came to promoting the interests of the community.

This one idea was carried out in the organization of the Milroy Free Chautauqua, he said. The subscription to the free chautauqua could never be accomplished in any community unless there was a co-operation existing between the churches of the community.

Dr. Hougland complimented the Kiwanis club for the ideals upon which they stood, and the motto "We Build." Such a club, he said, causes business men to become better acquainted, makes them take more of an interest in their own town politics, creates a civic pride among them and as a result, they find themselves assuming the full duties of citizenship.

The program of talks and entertainment was provided in the auditorium of the Christian church. The fried chicken supper with all of the accessories was provided in the church basement and both the Milroy and Rushville clubs voted thanks to the church women who were responsible for the big feast.

After the meal was served, the Rushville club members answered to the roll call, and then each Milroy business man introduced himself. Will Jay, president of the Kiwanis club, presided at the meeting.

After they had assembled in the church auditorium, many of the townspeople were present for the program, and the church was well filled with township people and visitors from Rushville.

Paul Allen of the Kiwanis club was called upon as the first speaker, and reviewed the ideals of the club, how it was founded in 1915, and the growth that the club has made. He also reviewed the activities of the Rushville club in its four years of existence.

The first motto of the club, or the Indian meaning of the word Kiwanis, he said, stood for, "We Trade," but this motto was enlarged upon and today stands for "We Build."

He explained that the club stood for building anything in a community that was for the mutual benefit. He stated that the first purpose of the club was to cause a better understanding between members, so that business could be placed on friendly lines with one another.

After the club members had become acquainted with each other, then the club began to extend their relations into communities of the county, and as a result, Mr. Allen recalled that the Kiwanis club had entertained representatives of every township and had also visited practically every township in a body, extending the good fellowship plan.

Mr. Allen reviewed the accomplishments of the local club during its existence. He pointed out the contribution of \$2,400 to the Riley memorial hospital and the interest that the club had taken in helping the underprivileged children of the state.

He also recalled the interest that the club had taken in Boy's work, the program that they are assisting in of advertising Rush county to Rush county, the manner in which they assisted the state convention of Christian churches, that held the sessions in Rushville and also the interest shown in the Fourth of July celebration by the Woodman lodge.

Mr. Allen stated that the club had contributed to every worthy cause, and that it was a part of the program for the club. "It is an extension of our program to come to Milroy," he said, "and we enjoy being with you, because we are given an opportunity of becoming better acquainted with you."

Following the addresses of Mr. Allen and Dr. Hougland, a program, was rendered. Mrs. C. E. Walden sang several selections. Her first number was "How will I Know I Love You," and her second number was a negro spiritual. She was given a great ovation, and was compelled to respond to a third number, which was a popular ballad. Miss Brenda Kinsinger, her pianist, was also applauded for her excellent solo, and she too was compelled to respond to an encore.

The Kiwanis club's famous geography song was given by the members. Dr. M. C. Sexton was called upon to give a "selection," which he said was another name for being called a clown. Dr. Sexton told several good jokes on club members, and also on Milroy men, and as a concluding feature he gave a poem that was good and full of humor.

Lloyd Nelson of Milroy, the only Kiwanis club member that lives outside of Rushville, led the audience in community singing at the beginning of the program. Miss Kinsinger acted as pianist.

Before leaving Milroy, the Rushville club was high in their praise for the entertainment, and the joint meeting with the Milroy business men is a novel stunt that might be followed out in other communities, to promote the general community spirit of the county.

G. O. P. BUDGET IS \$3,000,000

(Continued from Page One)
"I think so," answered Butler, Senator Shipstead farmer-labor member of the senate committee, asked Butler whether there was anything to the report that the Republicans were raising huge sums of money to throw into certain states. There's nothing to that, Butler answered.

Caraway asked if the plans to raise \$500,000 in Massachusetts, Butler's home state, met with his approval.

"No, it does not," Butler explained. He explained the proposal to raise \$500,000 in that state came from a manufacturer and did not meet with the approval of the national Republican committee.

The proposal in Pennsylvania did not meet with his approval either, Butler replied in answer to a question by Chairman Borah.

Butler then explained a letter sent out by J. A. Brandy, Bristol, Pa., to raise money, did not meet with his approval.

The proposal to raise \$600,000 in the state was sanctioned, he said.

CAMPAIGN DAY BY DAY

Investigation into the alleged Republican "slush fund" continued to hold the political limelight today with Min. M. Butler, national chairman of the Republicans called before the investigating committee by Chairman Borah. George Barr Baker, head of the publicity committee was also expected to testify during the day.

John W. Davis remained in Chicago today where he was scheduled to make several speeches. In his address there last night he again declared himself unqualifiedly opposed to the Ku Klux Klan and by inference repeated his challenge to President Coolidge to join him in condemnation of the hooded order and thus take the issue of religious and racial tolerance out of the campaign.

NOTICE OF ROAD ELECTION

In the matter of the petition for the improvement of a public highway in Anderson Township, Rush County, Indiana, petitioned for by Fred Shehorn, et al.

Fred Shehorn et al having filed their petition with the Board of County Commissioners, praying for the improvement of the highway in Anderson township, Rush County, Indiana, beginning at the northwest corner of Section 24, township 12 north, range 9 east, where the same connects with the free macadam road known as the Joseph Green et al highway, and running thence south on the section line between Section 23 and 24 over and along the highway as now laid out to the south-west corner of Section 24, township 12 north, range 9 east, where the said proposed highway connects with the Roy Toyne et al highway, and said petition containing a request that the question of establishing such road be submitted to a vote of the election of Anderson Township, said petition was on the 15th day of October 1924, duly submitted to the Board of Commissioners of Rush County, Indiana, and the Board having found that notice had been given of the filing and pendency of said petition as required by law and no remonstrance having been filed thereto, the board thereupon examined said petition and being duly advised in regard thereto found the same to be in due form and sufficient, and thereupon ordered said petition spread of record; the Board being duly advised further found that the bonded indebtedness of Anderson Township, Rush County, Indiana was in excess of two percent but not in excess of four percent of the total assessed valuation of the property in said Anderson Township and that the probable amount of bonds which will be necessary to issue to pay for the construction of said proposed road, together with the bonds already issued and to be issued will not be in excess of our percent of the total assessed valuation of the property of said Anderson Township, and that said matter of the establishment of said road should be submitted to a vote of the electors of said Anderson Township, at the next succeeding general election.

Notice is therefore given that on TUESDAY, NOVEMBER 4, 1924 at the time and place of holding the general election the question of the establishment of said road and the issuance of bonds, therefore in excess of two percent, but not in excess of four percent of the total assessed valuation of the property of Anderson Township, Rush County, Indiana, if said road shall be finally ordered established, will be voted upon by the legal voters of said Anderson Township, and ballots will be furnished setting forth the question to be voted upon, and the polls opened at the several voting places in said Anderson township for said purpose.

COUNTER CLAIM WINS IN COURT

In Second Consecutive Trial in Circuit Court, Jury Finds For Defendant on Cross Complaint

O. M. OFFUTT GIVEN JUDGMENT

Order by Agreement Provides For Custody of Five-Year-Old Son of Mr. and Mrs. R. H. Elwell

For the second consecutive trial in the circuit court, the jury turned the tide on the plaintiff's complaint, and awarded judgment for the defendant. Thursday the case of Merle M. Conway against Oliver M. Offutt was heard and the defendant given \$55 judgment.

The case was a suit on a note, in which the plaintiff attempted to collect \$175 judgment. The defendant filed a counter claim, and the jury awarded him the judgment. The evidence showed that the plaintiff held a note for several years which totaled \$195 with the interest. The counter claim of the defendant showed that the plaintiff owed him \$250 on a note. The jury subtracted the difference, giving the defendant \$55 judgment.

On the day before a change of venue case from Hancock county was heard in which Levi Thomas sued the receivership of the Mohawk elevator company for \$4150 on a claim. A counter claim was presented, and the jury found for the defendant, making the plaintiff pay \$809.26, instead of recovering money himself.

The jury was told to report again Thursday when the suit of Morgan against the City of Rushville, a complaint for damages, has been set for trial. The case is of long standing, and has been set for trial several times.

In the case of Harley D. Holmes against Albert Buell, a \$10,000 alienation of affections suit, in which the plaintiff lost out at a trial recently, he has filed a motion in court, asking for a new trial.

Ralph H. Elwell appeared in court Thursday afternoon in answer to a habeas corpus writ, and delivered his five-year-old son, according to the summons. The action was preferred by his wife, Elva Lorraine Elwell. The order by agreement gave the custody of the child to the mother, with the father having the boy over the week-end every two weeks, and on other occasions, designated in the order.

Howard G. Dillard, in his complaint says he is manager of the Lincoln Cafe of this city, and is seeking a divorce from Inez G. Dillard, alleging that she has abandoned him, and has failed to live with him. They were married January 6, 1915 and separated February 16, 1922, according to the action.

CARS COLLIDE AT AN ALLEY INTERSECTION

Meat Truck from Anderson and Roadster Driven by W. M. Plessinger in Collision

LIGHTER CAR BADLY DAMAGED

Two automobiles collided this morning at alley intersections, one machine being practically demolished and the occupants escaping with only slight cuts and bruises.

A meat truck driven by Tom Tatum of Anderson was going east in an alley between Main and Perkins, and Ninth and Tenth streets, and a Ford roadster driven by W. M. Plessinger was going south, when the two met at the alley intersections.

The large meat truck struck the lighter machine a terrific blow, almost wrapping it around a telephone pole. Two wheels were broken off, the axles bent, and the machine damaged to a great extent. Mr. Plessinger received cuts about the face from flying glass, and a finger was badly cut. The larger truck was not damaged.

Police Chief Blackburn investigated the accident and stated that both machines were evidently going at a fast clip through the alleys. No arrests were made.

BOYS CAUGHT HERE IN JAN.

Two Arrested in September, Tried for Stealing Auto

Police Chief Blackburn this morning received a letter from William Copelan, chief of the police department at Cincinnati, in which it stated that the two youths who were arrested here in September, charged with stealing a machine, were still in the jail in Cincinnati awaiting trial.

The boys were arrested here, after they abandoned a machine west of Rushville. When arrested they gave the officers their names and addresses as Huntington, W. Va. The letter this morning from the Cincinnati police stated that their correct names were Edgar Ray and Basil Childers, and that they were held for stealing the machine. He said they also were wanted on a similar charge in Huntington.

PLEDGES SUPPORT TO THE MOVEMENT

Dr. Hougland, Speaking for Milroy Business Men, Says Township is Back of Boosting Campaign

TO MAKE RUSH COUNTY BEST

Paul Allen Speaks on Behalf of Kiwanis Club When Club Entertains at Milroy Thursday Night

Pledging the support of Anderson township in the movement to make Rush county the best county in the state from all angles, Dr. C. S. Hougland of Milroy acted as spokesman for the township at a joint meeting Thursday night of the Rushville Kiwanis club and the business men of Milroy.

The joint meeting was held in the Christian church at Milroy, and almost 100 gathered from the two places and enjoyed an evening that was well spent in cementing community interests.

Of particular interest was the talk by Dr. Hougland, who characterized community ideals as one of the main things that makes or breaks a community. The spirit that moves a community to work in unison on all enterprises, is a wonderful thing, and with this thought in mind, he said "you can count Milroy and Anderson township as being with you on all projects that go for the betterment of the whole community. We will do everything in our power down here to help make Rush county the banner county in the state and the best county in the entire country."

Dr. Hougland recalled the fact that a community spirit is entwined mostly about two institutions in every township, the church and school. If these institutions fail to function properly, and co-operate in every way, then there is a lack of community spirit, he said.

The church has been one thing that has stood in the way of community development, he said, but in Anderson township this factor has been overcome, and a united effort now prevails. He stated that there was formerly a time, when one church denomination was jealous of the other denomination, and these denominational factors held back the spirit of becoming unified in ideas for the uplifting of a community.

Dr. Hougland, however, emphasized (Continued on Page Six)

INVOLVED FUNERAL EXPENSE

Case Appealed From Here to Appellate Court is Settled

A Rush county litigation pending before the Appellate court of Indiana in Indianapolis, was ruled on Thursday. The case was a petition to modify a mandate issued by the court in the case of Ed N. Phillips, administrator, against Lee Tribbey and others, in which Tribbey was the appellee. The petition was denied by the higher court, and according to Douglas Morris, attorney for the appellee, the case is ended.

The litigation involved the payment of funeral expenses. The question of payment was whether the husband of the deceased should pay the funeral expenses or should the cost be paid by the administrator of the estate.

HURRAH! WE GOT COMPANY

PLANS MADE TO SUPPORT ARMY

Campaign to Raise \$2,000 for Next Twelve Months Scheduled for Week of October 26

COMMITTEES ARE SELECTED

Residence District Appointed Among Women Chairmen for Canvass of City

Committees were selected and other preparations made for a week's campaign to raise a fund for support of the Rushville corps of the Salvation Army, beginning October 26, at a meeting of the Salvation Army Advisory board with Miss Agnes DeBolt of state headquarters of the Army, at the court house late Thursday afternoon.

The quota based on very conservative estimates is fixed at approximately \$2,000 for the next twelve months.

In case the money required to conduct the local corps is raised, there will be no soliciting for funds, which means has been employed during the past year to support the Army work here.

Salvation Army financial campaigns have been successful in the past but last year only a very small fund was raised and the corps has not been receiving the proper support from the people of the city.

The residence district of the city was apportioned to six district chairwomen, all of whom are asked to meet with the campaign chairman, Mayor Walter R. Thomas, and Miss DeBolt at the court house second floor, next Tuesday afternoon at 3:30 o'clock.

The men's committees are as follows: Business section—Jack Knecht, Will Abercrombie, G. P. Hunt, L. L. Allen, Omer Trusler and R. L. Tompkins.

Lawyers, physicians, bankers—John H. Kiplinger, A. L. Riggs, J. T. Paxton and Wilbur Stiers.

Lodges—Mark Purcell, G. P. Hunt, Samuel L. Trabue and Frank McIlwain.

Factories—Wardner Wyatt, Bert A. Mullin, Lee Endres and Harold Pearce.

Court house—Loren Martin. Schools (not to include pupils)—Miss Belle Greer, Jackson school; Miss Mae Meredith, Havens; Miss Gertrude Wilkinson, Graham; Miss Carolyn Meredith, Graham Annex. The women committee chairmen, who will be asked to name solicitors for each block square, are as follows (Continued on Page Three)

BUSINESS MAN WILL SPEAK F. C. McMillan of Des Moines at Ist U. P. Church Here Sunday

Frederick C. McMillan, a leading business man of the midwest, whose home is in Des Moines, Ia., will speak both at the morning and evening services at the First United Presbyterian church, Sunday. He is a speaker of unusual power and effectiveness.

He is the president of the American Ice Company of Kansas City, president of the Central-Iowa Fuel company, a coal mining corporation, president of the Utilities City and Western railroad and vice-president of the Monongahela National Bank of Pittsburgh. It is regarded as very fortunate that the local church was able to get him to speak at both of these services.

It is very urgent that all the church membership and the public attend both of these services and hear Mr. McMillan's addresses.

SUCCESS OF SEED POOL EXPLAINED

Rush County Men Learn How Storage and Selling Project is Operated in Johnson County

EMPHASIS PUT ON TESTING

Demonstration of What Seed Passing Test Will do is Given for Benefit of Local Delegation

The success of the Johnson county corn seed storage and pooling project was explained to a group of Rush county men who went to Franklin Thursday to get some idea of how the plan works.

They learned that O. S. Williams, Johnson county agent, and those associated with him, had laid special emphasis on seed corn testing as the means of raising the standard of Johnson county seed corn and thus enable Johnson county farmers to win a name for their seed corn and find a ready market for it.

Last year, with three large testers in operation, it was not possible to meet the demand, which ran 7,500 ears a week.

As in other counties, it was found that the value of testing was not only in eliminating weak ears, but diseased ears as well.

Five hundred bushels of seed corn were handled in the pool last year and the price received ranged from \$3 to \$10 a bushel. Every ear pooled (Continued on Page Three)

OVER 300 ODD FELLOWS ATTEND

Grand Master C. O. Thomas and Past Grand Master Winterrold Address County Meeting

HELD AT CARTHAGE, THURSDAY

Thirteen Candidates Initiated, Work Being Given by Milroy, Arlington and Rushville Staffs

Three hundred Odd Fellows from Rush and adjoining lodges met in a county meeting at Carthage Thursday afternoon and evening and assisted in initiation of thirteen candidates who received the first, second, and third degrees at the hands of staffs from the lodges at Milroy, Arlington and Rushville.

Chas. O. Thomas, Grand Master of Indiana, and Past Grand Master Harry Winterrold were present and addressed the convention. Reports from over the state indicated an unusual amount of work being done at this time which ordinarily is a quiet season for lodge work and predictions were made that an era of great growth for the order was just dawning.

The amendment of the constitution of the Sovereign Grand Lodge permitting the admission of young men at the age of eighteen was reported, which is expected to stimulate the growth as classes are already forming of Odd Fellows' sons for initiation after the first of the year when the new law becomes effective.

The local lodge was well represented by over fifty members, including the staff which conferred the second degree, which was highly commended, as was also the work of the Milroy and Arlington lodges.

The combined orchestra of Franklin lodge and Beech Grove, Arlington furnished music for the meeting and degrees.

The degree staff of Bernice Encampment No. 12 I. O. O. F. will confer the Golden Rule Degree at a (Continued on Page Three)

TO VOTE ON SHELLEBORN ROAD

Anderson Township Will Have Special Ballot at General Election

A special ballot will be prepared for the general election in Anderson township, November 4, when the voters of the township will have an opportunity to decide whether or not the Fred Shelleborn road shall be constructed. An election is necessary because the township had a road bond debt equal to two per cent of its taxable property, which is the legal limit.

The county commissioners have appointed John Vernon and Thomas Bishop viewers for the road and sanctioned the election.

The commissioners, who held a special session Wednesday, will meet October 28 to appoint election inspectors.

G. O. P. BUDGET IS \$3,000,000

Wm. M. Butler, National Chairman, Tells Senate Committee \$500,000 is For National Campaign

ONLY \$1,700,000 COLLECTED

Committee Head Undergoes Grueling Examination by Senators—Thinks 3 Million not too Much

(By United Press)

Chicago, Oct. 17.—The campaign budget of the Republican national committee totals \$3,000,000. Wm. M. Butler, national chairman, told the senate campaign fund investigating committee here today.

Of that amount \$500,000 is to be used for the national campaign and the balance in the congressional and senatorial campaigns, Butler said. Cash collected up to the present time totals somewhat more than \$1,700,000, he told the committee.

"How much more do you expect to collect between now and election day?" Senator Borah, chairman of the election committee.

"All of it," Butler replied. "Three million dollars."

Butler outlined in a general way how the money was to be expended. Senator Caraway of Arkansas asked him to explain how the \$36,000 allotted to college clubs and the \$30,000 allotted to the negroes' bureau was to be spent. Butler said that the money was to defray the expense of getting out literature, speakers and similar activities.

"In your publicity work do you get out what we used to call 'boiler plates' and 'canned editorials'?" Caraway asked.

Butler, after stating he was not fully acquainted with the terms used by Caraway, finally stated he thought the Washington bureau took care of that work.

"In your judgment, do you think it will take two or three million dollars to run the campaign?" Caraway asked.

"It makes all the difference in the world what kind of a campaign it is," Butler answered.

Butler said he felt that was a fair amount for the conduct of this campaign.

"In the language of the street—money talks," remarked Caraway. (Continued on Page Six)

O. P. Wamsley, a singing evangelist of this city, will go to Rockport Ind., November 8, to conduct a two weeks revival service, at the First Methodist church, assisting the Rev. P. T. Taylor, pastor of the church. Mr. Taylor was formerly a pastor of the Glenwood M. E. church.

On November 28 Mr. Wamsley will go to Seymour, Ind., to assist in a series of meetings at the First Presbyterian church there. James Daniel Martin being the pastor. Dr. Tyler of Terre Haute, Ind., will have charge of the preaching services during the meeting. From there Mr. Wamsley goes to Whitcomb, Ind., to assist the Rev. E. A. Gillum in a meeting.

During his absence in this city Prof. D. S. McIntosh, music instructor in the local high school will have charge of the choir at the St. Paul's Methodist Episcopal church.

POINTS TO ACRES OF DIAMOND HERE

John Tittsworth Describes Campaign Being Conducted in Rush County to Boost Its Resources

SPEAKS AT RICHLAND CHURCH

Joint Meeting of Farmers and School Patrons Hear Reports From Pig and Sewing Clubs

Using as an illustration the famous story of the Kimberly, South Africa, farmers, who had acres of diamonds at their feet and didn't see them, John A. Tittsworth dramatically pictured the "acres of diamonds" which lay at the feet of Rush county farmers at a joint meeting of the Parent-Teachers association and the Richland Township Farm Bureau Thursday evening at Richland.

Mr. Tittsworth reviewed what is being done in Rush county in an effort to make Rush county people appreciate their resources and commented upon the success with which the campaign has met.

A report was given of the township pig club work and 4-H sewing club work and the sewing club girls sang their booster song. They were presented with 4-H club pins by Mrs. Otis Miller, the club leader.

Fred Pike, head of the township farm bureau, announced that Ruth Pike won first prize in the pig club contest and Helen George was second. The bureau voted to pay the prizes of \$20 and \$10 respectively.

Mr. Pike also stated that Ruth Pike's pig which weighed 260 pounds was sold for \$12 a hundred, and he gave her the money, \$31.20, all in \$1 bills. Helen George sold her pig, weighing 200 pounds, for \$10.75 a hundred.

The sewing club reports showed 57 new garments made, 7 made over, 5 pieces of patchwork and 6 pieces of darning done, the total value of which was \$144.49. The cost of materials was \$115.23, leaving a profit of \$29.26.

The preliminary meeting of the Parent-Teachers association was in charge of Harold Beale, the president, and when the farm bureau business was completed, the program was turned over to Omer Trusler of this city, who led the audience in a number of songs especially arranged for the occasion. He was assisted by O. P. Wamsley of this city at the piano. Mr. Will Scott, Mrs. Miller and Bert Wilson.

Following the address of Mr. Tittsworth, the crowd went to the basement of the church to enjoy some good pumpkin pie and doughnuts which women present had brought in.

Mr. Tittsworth explained how the project to advertise Rush county (Continued on Page Five)

E. B. BUTLER PUT ON EXECUTIVE COMMITTEE

Principal of Rushville High School to Represent Sixth District in State Association

L. A. LOCKWOOD WINS PLACE

Eugene B. Butler, principal of the Rushville high school, was elected as a member of the executive committee of the Indiana State Teachers' association from the sixth congressional district, at a meeting of the teachers of the district Thursday afternoon at five o'clock in Cade tabernacle, Indianapolis. His term is for a period of three years.

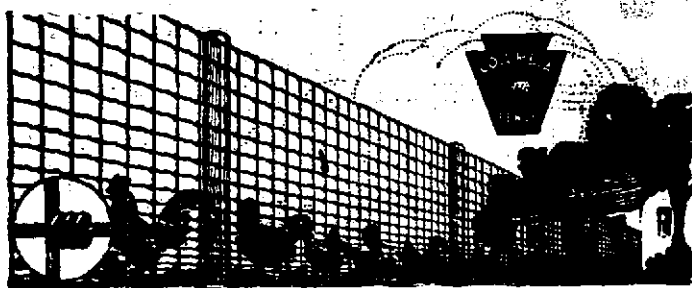

L. A. Lockwood, principal of the Carthage schools, was chosen as an alternate delegate to the meeting of the National Education association meeting in Indianapolis next July.

Other school men and women of the district were elected to offices in the state association as follows:

Z. M. Smith, superintendent of the Greenfield city schools, as a member of the nominating committee of the State Teachers' Association.

G. A. Steeley, Richmond, as the vice president for this district in the State Teachers' Association.

Eleanor Newman, Cambridge City, as delegate to the National Educational Association at Indianapolis next July.

Be Proud of Your Farm

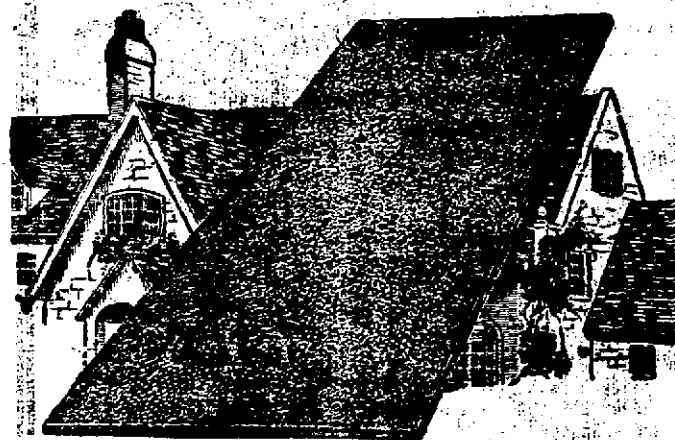

NOTHING adds quite so much to the well-kept and prosperous appearance of a farm as good fences. This is because good fences themselves add to the prosperity of the farm by protecting crops and live stock, and making possible modern, diversified farming.

"Columbia Fence"

will make your farm more profitable, and a farm to be proud of. This fence is made of full gauge wire, heavily galvanized for long life. The hinge-joint construction produces a strong, flexible fence adapted to all uses about the farm.

Let us figure on supplying your fence needs. We carry fences, posts, staples, tools and barbed wire.

Carey
ASPHALT SLATE
SHINGLES
Large Size

The Shingle that never curls

THE pleasing effect of homes roofed with Carey Asphaltate Shingles (large size) is due, first, to the warm red or cool green crushed slate with which the shingles are surfaced; and second, to the shadow effect which is caused by the extra thickness of the butts. They are laid with a five-inch exposure to the weather which prevents over-formality in appearance.

Carey Asphaltate Shingles (large size) are much heavier and more enduring than so-called standard shingles. They are water-proof, fire resisting and have important insulating qualities.

Carey Asphaltate Shingles never curl, or crack, and they cannot fade. They require no upkeep for either painting or repairs.

Secret of Happiness

The greatest menace on earth to happiness is the ill health with which so many women are afflicted. The young woman is subject to pain and irregularities, the mother to the tortures of displacements with consequent pains, aches and nervousness—the middle aged woman to the uncomfortable conditions caused by this critical age. The one remedy to control these conditions and restore the system to a normal healthy condition is Lydia E. Pinkham's Vegetable Compound, which for fifty years has been restoring sick and ailing women to health and happiness.

"The Enemy Sex" Coming

There are several reasons why "The Enemy Sex," which is coming to the Princess theatre next Monday and Tuesday is awaited with more than ordinary interest. First of all, it was produced for Paramount by James Cruze who, you recall, directed "The Covered Wagon." This fact in itself is a guarantee of its worth from a directorial standpoint. Secondly, the cast, headed by irresistible Betty Compton, is nothing short of all-star, since it includes such well-known favorites as Percy Marmont, Hamilton Gordon, Kathryn Williams, Sheldon Lewis and De Witt Jennings. Coming to the story we learn that the picture was adapted by Walter Woods and Harvey Thew from Owen Johnson's "The Salamander," the most startling of all the flapper, jazz novels. It's a romance dealing with the love adventures of a chorus girl who makes a laughing stock of five wealthy, sophisticated men, each of whom tries to add her to his collection of women. Imagine Betty Compton as the fascinating chorus girl, the wise little gold-digger who plays with the five biggest men in New York and beats them all at her own game!

Interest in this picture is further heightened by reason of the fact that James Cruze and Betty Compton are head over heels in love with each other, and are to be married shortly. It is safe to assume that both redoubled their efforts to make "The Enemy Sex" notable. Bearing all this in mind we are willing to wager that this latest James Cruze production will be one of the exceptional photo-plays of the coming season.

Clover Seed

Owing to the large stock of

Imported Foreign Clover Seed

shipped into this country last winter and spring and on account of the publicity given this seed by our Government and many Agricultural Institutions as to its not standing the winter in this climate, a large amount of it was left on hand. This makes buying clover seed a great big risk this coming season, as many will attempt to mix this seed and sell to the farmer. The only way to protect yourself against this Foreign Seed is to either buy of your neighbor or buy

Certified Seed

We will accept orders for our big fall shipment up to November 1st. Get your order to us so you can get in on the carload price. No solicitor will be around. Either write, phone or call around to see us.

district meeting at Marion, Ind., Saturday evening. The final rehearsal will be held this evening and the arrangements will be made for the trip which will be made in autos, leaving here at 2:00 p. m. Saturday. The staff will be accompanied by the Odd Fellows orchestra, which has proved quite an attraction wherever the staff has appeared. The encampment of Huntington will present the Royal Purple degree immediately after the work by the local staff. A banquet for the visitors will precede the work.

The Marion lodge is one of the largest in the state, with over 1200 members and with quarters occupying a four story building in the heart of the city.

SUCCESS OF SEED POOL EXPLAINED

Continued from Page One

had to meet the standard set up and go through a disease-free test.

The cost of putting the seed corn through the pool was \$1.80 a bushel, and it is expected that the price can be reduced to \$1 a bushel on the basis of 2,000 bushels pooled this year.

Mr. Williams told the local men of one farmer who brought 303 ears for testing, and one third of it was thrown out as unfit for seed. He took it back home, called in his neighbors and they looked it over, and decided to plant the discarded seed separately. The discarded seed was used in 26 rows and corn from these rows will yield 70 bushels to the acre this year, it has been determined. But the yield from the seed which passed the test will be 78.89 hundreds bushels to the acre. Seventeen and a half per cent of the stocks from the discarded seed are barren and 13 1/2 per cent of the other seed stocks are barren.

The Rush County men visited the Harry Hogeland Canning Company's plant and each was given a can of corn. They also visited Harry Tilson's corn seed farm on the way home. He has a building in which he can store about 300 bushels of corn in racks. Any Rush county farmer who expects to use racks is urged to get in touch with the county agent or some one who saw Mr. Tilson's plant and get an idea of how it is constructed.

Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S. S. S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S. S. S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S. S. S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Old Folks Gain Strength with Cod Liver Oil

Thank Goodness You Don't Have to Take The Nasty Tasting, Ill Smelling Oil Any More For McCoy's Cod Liver Oil Tablets Can be Purchased at Any Drug Store.

Why should any old person let feebleness overwhelm them in these enlightened days? Surely everyone knows by this time that Cod Liver Oil contains more vitamins than anything else on earth and is the greatest body builder in the world.

You'll like to take McCoy's Cod Liver Oil Tablets—they are sugar coated and as easy to take as candy and they do help old people.

Why not try being 10 years younger again—why not grow stronger in body, in mind, in vitality? Why not take McCoy's Cod Liver Oil Tablets and drop 10 years from your age in 30 days? We mean this literally, of course. We believe that a 30 days treatment will make you feel 10 years younger—but at any rate try them for 30 days and if you are not satisfied get your money back—60 tablets—60 cents at F. B. Johnson Co., and Pitman and Wilson's or any progressive druggist. Be sure and get McCoy's—the original and genuine.

about "violent deflation of farming."
When the war collapsed so ab-
ruptly, every industry had to be re-
stored to a peace basis; and except
for the bloodshed, the war itself was
less of a calamity than the read-
justment. All industries had to de-
flate from their war valuations and
prospects. Certainly, farm valuations
up to \$500 an acre for plain
corn land, based on the continuation
of the war and war profits, would
have to fall along with every other
speculative valuation.It is said that farm valuations
were deflated \$18,000,000,000. If
so, they were speculative and not
normal. But every other kind of val-
uation was also deflated. This hap-
pened all through the business world.
It was not possible for the gov-
ernment to keep prices up to the war
level. The United States produces
more than it consumes; this surplus
must be sold abroad, if at all. Dis-
organized Europe could not buy and
pay; the government bought nothing
after the army disbanded. Without
a market, prices of farm products
had to tumble in our country and all
over the world.Could or should the government
have bolstered the \$18,000,000,000
speculative valuation of the farms,
industries or products? Could it
tax the farmer for his share of all
the other business losses caused by
the collapse of deflated values fol-
lowing the war? The whole thing is
grotesque, impossible.But the farmer really got the best
of the reorganization, in a tariff
that protected everything he raised
and brought him tariff-free every-
thing he needed to run his farm. No
other industry got as much consid-
eration in the readjustment. All he**Flu Left Mrs. Menke

It is here now, not a political elix-
ir, not a soap-box cure-all, but the
opening of the European markets
through the Dawes-Young repara-
tions agreement. With a larger crop
in most of the farm staples than
in 1923, the American farmer ex-
pects to get \$1,000,000,000 more for
his crop instead of less as would be
the case if he depended on local mar-
kets only. Business sanity has set-
tled the question of markets and
prices; political buncombe couldn't
have done it in a thousand years.**Encouraging The Children**Now that the children are back in
school again, what are we doing to
encourage them. Or are we doing
anything at all.Possibly the children, irresponsi-
ble in their youth, do not expect any-
thing from us, but that does not
excuse us in the least.They are entitled to our moral and
spoken encouragement in their efforts
to secure an education that will fit
them for successful stations in life.A few years hence they will be
able to understand what we do or
do not do to aid them today.Will they consider that we did, or
that we didn't.**Here To Stay**It used to be popular for a candi-
date for office to stand on the corner
and denounce big business. Nowa-
days a very large proportion of the
men who work for wages are em-
ployed by large establishments and
they know that the large business
concerns are the ones that pay the
best wages, afford most constant em-
ployment, take the best care of their
workers, offer the best opportunities
for advancement, and are the most
dependable when pay day comes.
While, of course, there are excep-
tions to all rules, the general rule
in the United States today is that
the large concern gives the best val-
ue for the least cost. The political
windjammer can't get far these days
by condemning big business.**FIFTEEN YEARS

WASHINGTON—How much
will the election of the
next president cost? Three
millions? Five millions? Ten?The amount of hard cash con-
tributed to and spent by the re-
spective organizations handling the
election. Dem and La Follette
figures is to be compiled by a spe-
cial Senate committee reported by
Senator. Both other members of
which are Jones of Washington,
also a Republican Senator of Dela-
ware and George of Arkansas,
Democrats, and Shipman of
Minnesota, Farmer Labor member.
The work of the committee has
been and regular reports are now
being made, but no totals have
been announced as yet. From now
on however reports are to be
made at 10 day intervals, with the
idea that publicity will be an ef-
fective curb on extravagant ex-
penditures.PRESENT likelihood is that the
cost of this year's campaign
will not equal that of 1920,
when a record amount was spent
to bring about the election of
President Harding.Managers of the Harding cam-
paign spent nearly \$3,000,000 that
year, as compared to about \$100,
000 spent by Republicans in the
first campaign to elect Lincoln.There are two reasons why the
outlay this year will not be so lav-
ish. President Coolidge as a na-
ture not merely thinks but feels
the keynote of his campaign is
the slogan, "Economy and common
sense." He insists that his man-
agers shall practice what he
preaches.The second reason is even more
compelling. Contributions are not
so lavish. There is ample cash, but
there is no barrel. Possibly the
reserves are merely being tapped
as the amounts are needed, so the
Dorah report may not be damag-
ing. Every effort is being made
to keep the fiscal report in shape
to justify the claim that Coolidge,
in his campaign as well as in hispersonal expenditures is the
hard boiled economist. He has
been dubbed by Senate Chamber of
Managers.THE Democrats and the Inde-
pendents are economical from
necessity, rather than choice.
Both have attempted to make
capital out of their lack of cap-
ital, declaring they would rather
have single dollars from many in-
dividuals than large sums from a
few, and that the Democrats not
only gave not enough but were
not organized. However there is no
record of either party being com-
pelled to return any large checks
in order to live up to their good
resolutions.The drive of the Democrats for
Action, "Clut" contributors, and
the sale of L. F. Follette's Wash-
ington millions at \$1 each continues.TWO former baseball ex-presi-
dents, now high in administration
and Republican councils, took
an active part in keeping Wash-
ington's hope on straight during
the world series games here.Postmaster General Harry New,
who used to be a sport writer on
his father's paper, the Indianapolis
Journal, turned reporter again and
covered the series, thereby get-
ting a free seat in the press box
and a "by-line" in a Washington
paper.Colonel George Harvey, former
ambassador to Great Britain, now
editor-in-chief of Ned McLean's
Washington Post, who 40 years
ago sold a story to St. Nicholas
Magazine about a game between
the Peacham and Danville (Vt.)
teams, resurrected this fact as tes-
timonial to his claim of being a
"sport expert," and therefore, qual-
ified to speak with authority on
the technique of the Giants and
Senators.I might "born in" on this story
for my own family by point-
ing out that the hero of Harvey's
St. Nicholas, farm was named
Hunt, who according to the
colonel, pitched the first curve
ball ever thrown in New England.**The Hodge - Podge**

URBANA GOES FOOTBALL MAD

Michigan and Illinois, Both Unconquered Last Year, Will Fight It Out Saturday

MAY BE CHAMPIONSHIP GAME

One of Greatest Football Exhibitions in Years Will Dedicate \$1,000,000 Memorial Stadium

By HENRY L. FARRELL
(U. P. Staff Correspondent)

Urbana, Ill., Oct. 17—Some of that wild enthusiasm which made Washington temporarily unbalanced when the Senators were fighting for the baseball championship drifted overland and dropped in on this maddened college town where a major football championship may be decided tomorrow.

All the surrounding hamlets and counties are as proud of the Illinois eleven as Washington was of her fighting nine, and the same confidence exists that Michigan will be defeated here tomorrow and the "big ten" championship will be won with a clean title.

Michigan, however, may be a slight favorite in betting.

Illinois had a championship eleven last year, but she had to share the honor with Michigan as neither team lost a game and the schedules wouldn't permit them to fight it out.

The schedule this year brings together in this yearly game the two outstanding powers of a great conference and makes possible one of the greatest football exhibitions in years.

Seventy thousand spectators are assured. Twice the number would have been along the sidelines if room could have been made for them.

With Illinois the occasion was made for more than a football special. It was one of the great days in the history of the university and one of deep sentiment. Illinois is dedicating a \$1,000,000 stadium to perpetuate the memory of the Illinois boys who carried her colors to glory on the battlefields of France. Some of her greatest athletes are among those whose memory will be honored.

Upon the shoulders of "Red" Grange, one of the outstanding backs of recent years, rests the hope and the money of Illinois under-graduates and old grads that Michigan will be downed.

Michigan didn't have to be told that her most important job is to

stop that charging, flame-topped Grange and has been working all season on a defense against one man. Kipke is gone and Michigan has only one star—Herb Steger—to throw in on the offense against another individual. Grange has been turned into a ball thrower since last season and now he is a "triple threat" man of the greatest possibility.

Judge Sparks has heard the evidence in the complaint of Corean Cates against Elwyn Cates in which the petitioner asks that her marriage be annulled. The evidence showed that the girl was 13 years old when married and not capable of entering into a marriage contract. The couple has failed to live with each other and have been separated for several years. No decision was entered in the case today.

In the complaint of Arvel Herkless against the City of Rushville a damage suit that has been pending for 15 years and the oldest on record in court the defendant has filed a motion to strike out parts of the amended complaint. The case is before Thomas E. Davidson, Greensburg attorney, who is the ninth judge to have jurisdiction in the case.

POINTS TO ACRES OF DIAMONDS HERE

(Continued from Page One)
among her own people was conceived in the Kiwanis and Rotary clubs of Rushville, where the belief prevailed that Rush county should take stock of its resources.

Telling a story of the mistake of the Kimberly farmers, who allowed their children to play with diamonds that they thought pebbles, Mr. Tittsworth asserted that it had come to the minds of some that we have acres of diamonds that we have never realized before.

He told briefly of the booster dinner in Rushville last spring when a fund of \$1,400 was raised to begin spreading the propaganda regarding Rush county's resources.

"Some sneered, others laughed and still others ridiculed the undertaking," Mr. Tittsworth added, "but the old town has begun to wake up and has made more progress during the past year than it has made in fifteen years previous to this time."

He enumerated the many improvements that had been accomplished in Rushville during the summer, including the construction of three new streets and a park boulevard, the addition of a park annex and the construction and remodeling of buildings.

"From north, south, east and west," the speaker declared, "new capital has been pouring into Rush county and invested in all too cheap farm land, and now we are just beginning to appreciate that it must be worth something after all, if men from other states are attracted here to buy it."

"I believe Rush county soil is the best for diversified farming that lies under the sun. There are regions," he continued, calling attention to a number of them, "that have special products, but none measures up to our soil."

Mr. Tittsworth said that the county corn crop, at \$1 a bushel, was worth \$3,000,000 and that the wheat crop yielded \$1,200,000. Last spring the county had more hogs than any county in the country, he said.

The speaker also referred to the three outstanding men in Indiana in their respective lines, who came from Rush county—E. O. Houchins because of his achievement in paying for land at \$300 an acre with a dairy and laying up a competence besides; Paul Glisson, who had the best poultry farm in Indiana last year, and Chester Meal, who raised the heaviest ton litter in Indiana last year.

"What marvelous achievements for a county such as ours," he added. "But there are some pessimists and I am sorry to say that most of them are retired farmers. They

Sport Notables Who Double in Brass

Is the day of the specialist passing in sports? The season's developments would seem to answer yes. George Von Elm who went to the finals in the amateur golf championship is an amateur boxer of great ability. Mary K. Browne, a finalist in the women's golf championship, is one of the country's leading tennis stars. Charles Brookins, best hurdler in America, is now starring for Iowa on the football gridiron. And don't forget Bucky Harris, manager of the Washington champions, is one of the best basketball players in the professional ranks.

ALONG SIDELINES

Madison, Wis.—Wisconsin's drill for the important Minnesota game here tomorrow ended yesterday with two and a half hours of line scrimmage and open field tackling. Coach Jack Ryan has shifted Captain Harris back to first string half.

Milwaukee, Wis.—Thirty-five Gopher players and the coaches and trainers arrived here from Minneapolis today and will leave for Madison and the Wisconsin game tomorrow morning. Another snappy scrimmage and signal drill culminated the Minnesota practice yesterday.

South Bend, Ind.—Hundreds of students cheered Coach Knute Rockne's Irish warriors yesterday when the Notre Dame varsity entered for Rye, N. Y., where the team will practice today for the Army game on the New York Polo Grounds tomorrow.

Evanston, Ill.—The possibility that Capt. Bob Weinecke, regular fullback may play quarter against Purdue Saturday loomed yesterday when the Purple leader occupied the pilot position in practice. Fredrich played fullback. Sothorn, regular quarter, is on the injured list.

Lafayette, Ind.—A short signal and kicking drill Thursday rounded off the Boilermakers drill for the Northwestern game tomorrow. Tom Hagen, varsity end was the only regular not in uniform, but he is expected to start against the Purple.

Chicago—A long kicking drill, followed by signal practice under the flood-lights, occupied the Maroons yesterday in their drill for the Indiana game. Bill Clarke sophomore halfback was the best of the punters.

Bloomington, Ind.—"Navy Bill" Ingram led nearly 30 players to Chicago today, accompanied by six cross-country runners who will engage the Maroons in a certain raise to the grid game Saturday. The rosters' special of fifteen coaches, carrying fans and 110 piece band, leaves at midnight.

Columbus, O.—With brilliant spotlights illuminating the field, Coach Wiley initiated the ghost ball for the first time this season as the Buckeyes drilled past dark last night.

Iowa City, Ia.—Comparative rest after two gruelling days of practice

rewarded the Iowa varsity yesterday when freshmen demonstrated Lawrence plays with "dummy" tactics.

Rich Mens For Saturday

By HENRY L. FARRELL
(United Press Sports Editor)
New York, Oct. 17—Most everything that might be ordered by a famished football fan is on the menu arranged for tomorrow, the biggest day of the youthful season. Three of the most important inter-sectional games of the season are features of the program that is choked from the top to the bottom line with interesting games.

Because of its tradition and the habit the westerners have of springing something sensational in the way of new football, the game between Notre Dame and the Army in New York will be the biggest game of the day.

The first visit of Notre Dame to the east, always an early-season event, is sort of a fashion show for fall football and the game is followed even more closely by the men who follow coaching as a profession than by the neutral fans who get a thrill out of fast, hard football.

Notre Dame, will exhibit that great backfield which thrilled the east last year—Stuhldreher, Layden, Crowley and Miller—and if Knute Rockne follows precedent, he probably will put on display a couple of sensational sophomores as a prom-

ise—"Here's what you'll have to beat next year."

The Army, as a rule, runs more to power than brilliance, but this year the Cadets will have Harry Wilson, the All-American back from last year's Penn State eleven, and Wilson is one of the best and most spectacular runners in the game.

Last year the Army-Notre Dame game conflicted with one of the games of the world's series, and it made itself felt appreciably on the gate at the baseball game.

Penn State is down south to play a return game with Georgia Tech and a good hard game is assured. The two teams have enjoyed the friendliest of relations and their games in the past two years have been features of the season. Penn State may not be as strong as last year, as several of the players upon whom Hugo Bezdek depended as a nucleus for his team, got into scholastic troubles and were disqualified for the season.

While it isn't the most important game of the season, the battle at Lincoln between Colgate and the powerful Nebraska team will be one of the hardest played and most interesting games of the day. No teams in the country play harder football than Colgate and Nebraska.

After a business session, reports of the state conference held at Marion, were given by Mrs. Willard Amos, Mrs. Rena Warner, Mrs. Bertha Logan and Miss Emma Blackledge. Miss Jean McClanahan played two beautiful piano selections. The assisting hostesses in serving refreshments were Mrs. Fanny Amos, Mrs. Fanny Hill, Mrs. Jessie Gary and Mrs. Alva Aiken.

LEGATION TAKES HAND IN WAR

Win Attempt to Bring About Peace in Tong War Among Chinese

Washington, Oct. 17—The Chinese legation here today stepped into the Tong war that has terrorized Chinatown along the Atlantic seaboard during the past week, in an effort for peace.

Local representatives of the fighting Hip Sing and Leong Tong were brought together at the legation by Dr. Alfred Sze, Chinese minister and induced to agree on a truce.

The document is to be formally signed later today and it is hoped will put an end to hostilities in Washington and compel the fighting Tongs in New York and other cities to call a halt on the shootings and stabblings.

PLEDGES SUPPORT TO THE MOVEMENT

Continued from Page One

sized the fact that in Anderson township this petty jealousy had vanished and that there was no such a thing as denominational differences when it came to promoting the interests of the community.

This one idea was carried out in the organization of the Milroy Free Chautauqua, he said. The subscription to the free chautauqua could never be accomplished in any community unless there was a co-operation existing between the churches of the community.

Dr. Hougland complimented the Kiwanis club for the ideals upon which they stood, and the motto "We Build." Such a club, he said, causes business men to become better acquainted, makes them take more of an interest in their own town politics, creates a civic pride among them and as a result, they find themselves assuming the full duties of citizenship.

The program of talks and entertainment was provided in the auditorium of the Christian church. The fried chicken supper with all of the accessories was provided in the church basement and both the Milroy and Rushville clubs voted thanks to the church women who were responsible for the big feast.

After the meal was served, the Rushville club members answered to the roll call, and then each Milroy business man introduced himself. Will Jay, president of the Kiwanis club, presided at the meeting.

After they had assembled in the church auditorium, many of the townspeople were present for the program, and the church was well filled with township people and visitors from Rushville.

Paul Allen of the Kiwanis club was called upon as the first speaker, and reviewed the ideals of the club, how it was founded in 1915, and the growth that the club has made. He also reviewed the activities of the Rushville club in its four years of existence.

The first motto of the club, or the Indian meaning of the word Kiwanis he said, stood for, "We Trade," but this motto was enlarged upon and today stands for "We Build."

He explained that the club stood for building anything in a community that was for the mutual benefit. He stated that the first purpose of the club was to cause a better understanding between members, so that business could be placed on friendly lines with one another.

After the club members had become acquainted with each other, then the club began to extend their relations into communities of the county, and as a result, Mr. Allen recalled that the Kiwanis club had entertained representatives of every township and had also visited practically every township in a body, extending the good fellowship plan.

Mr. Allen reviewed the accomplishments of the local club during its existence. He pointed out the contribution of \$2,400 to the Riley memorial hospital and the interest that the club had taken in helping the underprivileged children of the state.

He also recalled the interest that the club had taken in Boy's work, the program that they are assisting in of advertising Rush county to Rush county, the manner in which they assisted the state convention of Christian churches, that held the sessions in Rushville and also the interest shown in the Fourth of July celebration by the Woodman lodge.

Mr. Allen stated that the club had contributed to every worthy cause, and that it was a part of the program for the club, "It is an extension of our program to come to Milroy," he said, "and we enjoy being with you, because we are given an opportunity of becoming better acquainted with you."

Following the addresses of Mr. Allen and Dr. Hougland, a program, was rendered. Mrs. C. E. Walden sang several selections. Her first number was "How will I Know I Love You," and her second number was a negro spiritual. She was given a great ovation, and was compelled to respond to a third number, which was a popular ballad. Miss Brenda Kinsinger, her pianist, was also applauded for her excellent solo, and she too was compelled to respond to an encore.

The Kiwanis club's famous geography song was given by the members. Dr. M. C. Sexton was called upon to give a "selection," which he said was another name for being called a clown. Dr. Sexton told several good jokes on club members, and also on Milroy men, and as a concluding feature he gave a poem that was good and full of humor.

Lloyd Nelson of Milroy, the only Kiwanis club member that lives outside of Rushville, led the audience in community singing at the beginning of the program. Miss Kinsinger acted as pianist.

Before leaving Milroy, the Rushville club was high in their praise for the entertainment, and the joint meeting with the Milroy business men is a novel stunt that might be followed out in other communities, to promote the general community spirit of the county.

G. O. P. BUDGET IS \$3,000,000

(Continued from Page One)

"I think so," answered Butler. Senator Shipstead, farmer-labor member of the senate committee, asked Butler whether there was anything to the report that the Republicans were raising huge sums of money to throw into certain states.

There's nothing to that, Butler answered.

Caraway asked if the plans to raise \$500,000 in Massachusetts, Butler's home state, met with his approval.

"No, it does not," Butler explained. He explained the proposal to raise \$500,000 in that state came from a manufacturer and did not meet with the approval of the national Republican committee.

The proposal in Pennsylvania did not meet with his approval either. Butler replied in answer to a question by Chairman Borah.

Butler then explained a letter sent out by J. A. Brandy, Bristol, Pa., to raise money, did not meet with his approval.

The proposal to raise \$600,000 in the state was sanctioned, he said.

CAMPAIGN DAY BY DAY

Investigation into the alleged Republican "slush fund" continued to hold the political limelight today with Min. M. Butler, national chairman of the Republicans called before the investigating committee by Chairman Borah. George Barr Baker, head of the publicity committee was also expected to testify during the day.

John W. Davis remained in Chicago today where he was scheduled to make several speeches. In his address there last night he again declared himself unqualifiedly opposed to the Ku Klux Klan and by inference repeated his challenge to President Coolidge to join him in condemnation of the hooded order and thus take the issue of religious and racial tolerance out of the campaign.

NOTICE OF ROAD ELECTION

In the matter of the petition for
the improvement of a public highway
in Anderson Township, Rush
County, Indiana, petitioned for by
Fred Shelhorn, et al.

Fred Shelhorn et al having filed
their petition with the Board of
County Commissioners, praying for
the improvement of the highway in
Anderson township, Rush County,
Indiana, beginning at the northwest
corner of Section 24, township 12
north, range 9 east, where the same
connects with the free macadam
road known as the Joseph Green et
al highway, and running thence
south on the section line between
Section 23 and 24 over and along
the highway as now laid out to the
south-west corner of Section 24,
township 12 north, range 9 east,
where the said proposed highway
connects with the Roy Toyne et al
highway, and said petition containing
a request that the question of establishing
such road be submitted to a
vote of the election of Anderson
Township, said petition was on the
15th day of October 1924, duly submitted
to the Board of Commissioners
of Rush County, Indiana, and the
Board having found that notice
had been given of the filing and pendency
of said petition as required by
law and no remonstrance having
been filed thereto, the board thereupon
examined said petition and being
duly advised in regard thereto,
found the same to be in due form
and sufficient, and thereupon ordered
said petition spread of record; the
Board being duly advised further
found that the bonded indebtedness of
Anderson Township, Rush County,
Indiana was in excess of two percent
but not in excess of four percent of
the total assessed valuation of the
property in said Anderson Township
and that the probable amount of
bonds which will be necessary to
issue to pay for the construction of
said proposed road, together with
the bonds already issued and to be
issued will not be in excess of our
percent of the total assessed valuation
of the property of said Anderson
Township, and that said matter
of the establishment of said road
should be submitted to a vote of
the electors of said Anderson Township,
at the next succeeding general
election.

Notice is therefore given that on
TUESDAY, NOVEMBER 4, 1924
at the time and place of holding the
general election the question of the
establishment of said road and the
issuance of bonds, therefore, in excess
of two percent, but not in excess
of four percent of the total assessed
valuation of the property of
Anderson Township, Rush County,
Indiana, if said road shall be finally
ordered established, will be voted upon
by the legal voters of said Anderson
Township, and ballots will be
furnished setting forth the question to
be voted upon, and the polls
opened at the several voting places
in said Anderson township for said
purpose.

PAVING PROJECTS IN STATE HIGHWAY SYSTEM COMPLETED

Indianapolis, Ind., Oct. 17—Completion of new pavement and construction of five projects together with the removal of several run-arounds and detours occasioned by bridge construction, were pointed out in the state highway commission's traffic bulletin issued today by John D. Williams, director. Attention was called that most of the pavement just finished will be opened to traffic about November 1.

Williams specified recently completed projects as follows:

Pavement on No. 1 from a point 7 miles north of Kokomo to one mile east of Banker Hill. (Open to traffic Nov. 1).

On No. 10 between Dyer and Hammond. (Now open.)

On No. 42 between Valparaiso and Laporte. (Now open.)

On No. 25 from Lagrange to a point eight miles west. (Open Nov. 2)

On No. 40 between French Lick to Haysville. (Open Nov. 1)

The bulletin said that a run-around was yesterday removed on No. 32 a mile southeast of Spencer, and that the bridge east of Westfield on No. 33 is again open to traffic.

Surface conditions, detours, etc., for state road mileage for the week of October 18-24 are described as follows. Roads not mentioned and parts of roads mentioned but not specified, are in excellent condition.

No. 1—Pavement from Indianapolis to 7 miles north of Kokomo with two roadside run-arounds at bridge projects near the Hamilton-Tipton county line. Take marked detour 7 miles north of Kokomo via Banker Hill account construction between Kokomo and Peru. South of Indianapolis detour via Dudleytown between Seymour and Crothersville account construction near upper Muscatatuck river. Detour between Perry and Sellersburg, and just north of New Albany account street construction.

No. 3—Narrow grades at Putnamville and Glenn Home near Terre Haute.

No. 4—One mile of earth road between Dugger and Linton; detour over county road thru Dugger in wet weather. Run-around at Bussers Creek, 3 miles east of Sullivan, soft during rains. Detour just west of Seymour account bridge construction.

No. 5—Construction between Logansport and West Baden, detour over State Roads 41 and 22. Closed for construction west of Palmyra to Harrison-Floyd county line, fair detour.

No. 6—New pavement open between Indianapolis and Lebanon. Closed for paving from 23 miles southeast of New Bethel to Shelbyville, detour via Acton.

No. 7—Closed for about 5 miles west of Peru (portion overlapping No. 1 being paved) detour marked.

No. 9—Run-arounds at bridge projects between Clay City and Brazil. Long stretches of fresh gravel; drive carefully.

No. 10—Closed between Princeton and a point 2 miles north of Hazelton. Traffic can use White river bridge. Paving thru town of Patoka, detour marked. Closed at 4 miles

north of Veedersburg account paving, detour to east, returning to No. 10 at 7 miles south of Attica. Bridge out 1 mile north of Marshall; detour is fair. Detour west at Attica thru Williamsport account Wabash railroad bridge construction. Detour east at 1 mile north of Carbondale account bridge construction.

No. 11—Roadside run-around at bridge out at 1 mile north of Road 17.

No. 12—Drive slow at bridge run-around at 4 miles south of Freedom.

No. 13—Detour 1 mile north of Montpelier account bridge out over Salamonie river. Closed from the Huntington road south of Ft. Wayne to Ossian account construction, good detour. Roadside run-arounds at bridge projects between Ossian and Bluffton. Construction for 10 miles south of Garrett.

No. 14—Earth road from Leopold Junction to St. Croix is soft in wet weather.

No. 15—Due to Marion county paving, leave Indianapolis via N. Meridian street, cross canal on Illinois street bridge proceeding on Springmill road to county line thence west to No. 15. Detour 23 miles north of Marion county line around bridge construction. Closed for 3 miles south of Knox.

No. 16—Detour at west edge of Evansville account bridge construction. Construction from Little Pigeon Creek to a point 23 miles east of Junction of roads 18 and 18. Traffic can use new pavement from this junction north, then detour over side streets in Gentryville to gravel road at north of Gentryville. Detour over road at overhead railroad crossing project at Lincoln City. New location not passable between Lincoln City and a point 4 miles west of St. Meinrad. Construction between St. Meinrad and Leavenworth. (Avoid.) Watch for blasting at wash-out 3 miles west of New Albany.

No. 17—Constructing one bridge between Kendallville and Waterloo, run-arounds, also run-arounds west of Kendallville.

No. 18—Detour on side streets of Gentryville to avoid new pavement which will be open about October 24th.

No. 20—Bridge construction one-half mile south of Owensville, roadside run-around.

No. 22—Thru traffic use No. 12 between Indianapolis and Martinsville as 22 is being paved. Local traffic using parts of completed pavement. Closed between Oelitz and Bedford account street paving, detour rough. Construction south of Paoli. Avoid if possible. Bridge project south of Harredsburg.

No. 24—Construction between Palmyra and Salem, detour via Fredericksburg to Martinsburg. (New Albany and Louisville traffic detour via Pekin and Martinsburg coming out on Road 5 at Greenville.)

No. 25—Closed from Lagrange to a point 8 miles west for paving, detour fair. Roadside run-around at bridge 8 miles east of Michigan City.
